

# Cisco Certified Network Associate

Statement of Completion Part-time [School of Energy](#).

## Overview

The **Cisco Certified Network Associate (CCNA™)** program consists of three courses that will prepare you to write the CCNA™ certification exam. Theory is combined with hands-on activities utilizing Cisco routers and switches and content includes networking theory, TCP/IP, IP routing, Ethernet switching, basic network security and WAN concepts.

Delivery: in person. [See details](#).

## About the program

The CCNA program is a complete, three-semester program providing instruction that will enable you to design, build and maintain small to medium sized networks. The program features considerable hands-on activities in well-equipped labs consisting of Cisco routers and switches. The program content also includes Wide Area Networking (WAN) concepts.

## Who it's for

The Cisco Certified Network Associate program is for individuals seeking careers in IT positions and networking roles.

## What grads can do

Upon successful completion of Levels 1-3 of the program, you are prepared to write the [Cisco Certified Network Associate \(CCNA™\) certification exam \[1\]](#). Once earned, you will be ready for a career in current and emerging technologies where there is a high demand for qualified applicants. Careers you may pursue include entry level network engineer, help desk technician, network administrator and network support technician.

## Entrance Requirements

[Register \[2\]](#) today for BCIT Flexible Learning (formerly Part-time Studies) courses.

BCIT Flexible Learning courses and programs are taught assuming that registrants not only have a BC Grade 12 level of English, but also have proficiency in all four language skills: reading, writing, speaking, and listening.

BCIT has several [upgrading courses \[3\]](#) for students who wish to improve their English language skills.

## Application processing

Ongoing throughout the year.

## International applicants

This program is not available to international students. [View available programs \[4\]](#)

## Apply to program

Formal application to the Statement of Completion is not required. Upon successful completion of the [courses \[5\]](#), email the [program contact \[6\]](#) with your full name, student number, and mailing address to be issued a Statement of Completion. Please note that students must have completed all three CCNA courses within the last seven years.

## Costs & Supplies

There are no textbook purchases required for the Cisco Certified Network Associate (CCNA™) program.

Instead, study materials will be provided through the [Cisco Networking Academy \[7\]](#).

Students who have completed all three courses in the program may register with Cisco to take the [Cisco Certified Network Associate \(CCNA™\) certification exam \[8\]](#). To register for the exam, students must register with Cisco directly and pay a registration fee which varies by country.

You can [visit the Vue Pearson website to look up the price of the CCNA certification exam in your country \[9\]](#).

## Courses

### Program matrix

Check [current availability of courses \[10\]](#) for this program.

Required Courses:		Credits
<a href="#">CITX 1160 [11]</a>	Cisco CCNA Level 1	6.0
<a href="#">CITX 2060 [13]</a>	Cisco CCNA Level 2	6.0
<a href="#">CITX 3060 [15]</a>	Cisco CCNA Level 3	6.0

Check [current availability of courses \[17\]](#) for this program.

### Transfer credit

Do you have credits from another BC/Yukon post-secondary school? Do you want to know if they transfer to courses here at BCIT? Check out BCIT's [Transfer Equivalency Database \[18\]](#) to find out.

## Program Details

### Program delivery

In person: This program is delivered on campus.

### Program location

[Burnaby Campus \[19\]](#)  
3700 Willingdon Avenue  
Burnaby, BC

### Continue your education

The following programs are available to students who have successfully completed the Cisco Certified Networking Associate program or equivalent:

- [Cisco Certified Network Professional \[20\]](#)
- [Network Administrator Technician \[21\]](#)
